## Projects

### Wanderlust | MERN Stack (Node.js, Express, MongoDB, EJS)

Built a full-stack room and hotel booking platform using Node.js, Express.js, MongoDB, EJS, and Bootstrap. Implemented RESTful APIs for property listings and user reviews. Integrated secure user authentication (signup/login) using Passport.js. Designed a dynamic and responsive UI with EJS templates and Bootstrap components. Implemented a review and rating system using MongoDB. Currently working on booking flow and payment integration.
